West Bengal State Committee Demands....

We are deeply concerned that after the publication of results of the elections an atmosphere of terror and violence has engulfed different areas of West Bengal. Especially in the rural areas terrorisation, violence, killings, rampage of houses, cutting off water and electricity lines are being carried on continously. Toiling masses are worst hit in this situation. The violence must be resisted and peace must be restored. The West Bengal State Committee of the CPI (ML) demands that the state government and the administration should take immediately all necessary steps for speedy justice and legal measures against the guilty in each and every case. The State Committee calls upon all communist revolutionary and democratic and wellmeaning persons to unite and stand by the side of the ordinary people and to organise All Party Peace Committees at local level to secure communal harmony and restore peace in the affected areas....

Subodh Mitra,
Secretary, WB State Committee, CPI(M-L)

Aloke Mukherjee,
CC Member of CPI(M-L
