

Report from Jharkand

Joint Convention on Democratic Struggle Against Corporate Fascist Attacks

Fourteen Organizations held a Joint Convention on the need of democratic struggle against the growing the Corporate fascist attacks on people on Sept 22, 2019 at Ranchi in Jharkhand. About 150 delegates representing these Organizations have actively participated in the deliberations of the Convention. The Organizations are: CPI(ML)PCC; CPI(ML)RS; CPI(ML)ND; CPI(ML); Hool Jharkhand Kranti Dal; Jharkhand Kranti Dal; Jan Sangharsh Morcha; Nav Janvadi Lok Manch; Visthapan Virodhi Jan Andolan, Jharkhand; Jharkhand Jan Tantrik Morcha; Jan Sangharsh Samiti (Latehar – Gumla); SUCI(C); Revolutionary Youth Federation of India and Jan Mukti Sangharsh Vahini.

The Convention had an extensive discussion on the anti-Constitutional onslaught on Kashmir people; the Amendments to UAPA; R.T.I; NRC and the draft Forest Act, 2019. The speakers criticized the slogans like one symbol, one policy, one religion, one culture and one party as authoritarian – fascist in nature. The abrogation of Article 370 and 35 – A is only a step towards pushing this policy into vogue. Now, in Jharkhand, the CNT – SPT Acts are also a target of attack. The common people in different parts of our country who are assured of some special rights, most likely, are going to come under this attack in the days to come. A genuinely pro-people, struggle-oriented, united and democratic voice against this onslaught has emerged in the Convention.

The Convention was conducted and steered by Vasisht Tiwari; Babu Dhan Murmu, Damodar Tiwari and Francis Shravan. Siya Sharan Sharma made a key Note address in the Convention. D.C.Gohai; Shambhu Mahato; Vasishta Tiwari; V.K.Patole; Sumit Roy; Jai Ram Jerald Kunjur; Ram Kavindra Singh; Francis Shravan; Damodar Tiwari; Babu Dhan Murmu; Jasuva Kachhap; Bachha Singh; Madan Paul; Madan Mohan; Deepak Ranjit; Vikas Chandra Sharma and others have addressed the Convention.

The Convention concluded in an atmosphere of unity and struggle.
