

Condemn the Cruel role of American Imperialists in the Israeli Bombings on People of Palestine!

Israel has forcibly evicted Palestinian families from the Sheikh Jarrah area of Jerusalem. The Israeli government continues to carry out such illegal activities. These are the settlements established by the Palestinians when Israel evicted the Palestinians earlier. It is an integral part of the occupied Palestinian territory, as the United Nations named it. The Israelis, with the support of American Imperialists, are driving the Palestinians out with racial mania. The Palestinians are on the verge of resisting this eviction. Israel, which cannot tolerate this resistance of the Palestinians, is subjecting Palestinians to brutal violence by its border police. These police forces have stormed the 'Al-Aqsa' mosque in East Jerusalem and carried out violence and coercion.

In response to these actions of Israel, the Palestinians in Gaza (Occupied Palestinian Territory-OPT) have warned Israel that they will have to face rocket attacks. The Palestinians fired rockets at Israel for not heeding this warning. The Palestinians are resisting Israel, which is carrying out intense bombings, damaging the self-esteem of Palestinians and destroying their homes. It is a just resistance, supported by the Pacifists, the Anti-Imperialists, declaring solidarity with them. All democratic, peace loving, and anti-imperialist forces are supporting their struggle to return to the Israeli-occupied Palestinian territories in defense of their homeland.

On 16th May, the Security Council has proposed a resolution for restoration of peace and stop armed conflicts. The meeting was chaired by China. The United States blocked that resolution with its Veto power. Naturally the Israeli defense minister thanked his Boss, America for hindering the resolution. Israel did not stop there. They

demolished office which looks after the concerns of Palestine prisoners near Al Katiba Square in Gaza, killing more than 200 people and children, seriously injuring 1400 people. It has forced 40,000 people to flee their homes. They destroyed Palestinian Covid Laboratory. US President and the US External Affairs Minister deceitfully said the ceasefire can be worked out. Without preventing the Israeli Prime Minister, Benjamin Netanyahu, the United States is giving approval to Israel by supplying warplanes and inciting Israel to escalate on Palestine.

Three times in the Security Council, America blocked the signing of the peace agreement. The Palestinian people are resisting the US imperialists' attempt to subjugate Palestine. Although some Arab countries are sympathetic to Palestine, they are not in a position to use their arm power to restrain Israel. Yet the Palestinian people are working to counter America-backed Israeli bombings and destruction.

The Biden administration decided to send \$ 735 million precision guided weapon on May 5, just a few days before the air strikes started. This shows Zionist face of USA. With this weapon Israel targeted and attacked a media hub, in which the offices of Aljazeera and Associated Press were demolished.

The Palestinian people have not stopped or left fighting, despite decades of relentless Israeli provocation and aggression. The Palestinians had to be prepared for counter attack with rocket-propelled grenades to stop the deadly Israel bombings. The people of the world are watching as to who is the aggressor, who is threatening the freedom, liberty and self-respect of another. They decided to be sympathetic, supportive and extending solidarity with Palestine.

From Italian ports to streets of Munich in Germany and Ireland, from sportspersons like Pogba and his playingmate in the soccer fields and Bangladeshi cricketers like Mustafijur Rahaman have stood by the side of the Palestinians.

The forces opposing the aggression of American Superpower will definitely be strengthened.

The CPI (ML) feels it as its international duty to stand up in firm solidarity with the Palestinian people and also to forge unity of the working class to fight out the international conspiracy against the just rights of the Palestinian people.
